IN THE SPECIFICATION

On page 8, at line 32, after "salicide." and before "In", insert the following sentence: "A polycide may also be called a polysilicide. It should be noted that silicides can be self-aligning or non-self-aligning, and if the silicide is self-aligning, it may be called a salicide. It is to be understood by one of ordinary skill in the art that polycides, other than self-aligning silicides, may also be formed."
